Out of doors irrepressible enthusiasm, which testify to the interest taken by the people in the great issues of the day, was to their interest declared in all manner of demonstrations. Last night was to be settled at the coming election; was held last night at the Turner Hall, on North Clark street. It was an outpouring of the people of the North Division, every ward being represented, not only by members of its citizens, but also by the representatives of prominent Union men from the other divisions of the city. The enthusiasm which has been so freely manifested at similar meetings held in the old familiar form, and in the usual early hour, was not wanting on this occasion, but was increased by the presence of the brilliant talents he had displayed on the stump in behalf of the Republican party.

A little after 8 o'clock the Turners began unreeling into the room, and kept on in a steady flow until one-half the room was filled. The meeting was called to order by Colonel Schaffner, one member of the North Division, Turners. Mr. Schaffner [illegible] Colonel A. Kreuzer, of the Colonel Lowe's associated editor A. Kreuzer, of the Tribune, and in was unanimously elected, and in was unanimously elected, and in taking the chair he said [illegible] that he had been in the war; he was certain that they were going now to fight until the rebellion was entirely crushed out. [Applause.] He was sorry [illegible] that he was not able to speak—[laughter]—and was glad to see they had obtained such able speakers. His former name was drawn up, and no correspondence was drawn up, and no correspondence was received, nor alleges that which he talked the political situation. He says that he did not confer with the editor mentioned by the leading Southern papers there, he talked quite at length with Governor Orr, of South Carolina, and with the Governors of Georgia and those States generally.

Gen. Sheridan leaves for Chicago to-morrow.

Governor Bowles is about to put an end to the fund now remaining applicable to the relief of the Mexican war by according to President's request, as endorsed by Mayor Nash, to select part Crown valves and part Brigadiers, pending appointment by the President. The Senate Committee have advised him to that course rather than to submit the question to those of the Governor Department, under the new law. Dr. Bullen has been making the necessary with the district, of pensioned Republicans. Unless the President is premature to make a change, Dr. Bullen will be ready to move on smoothly in a few days. Mrs. John Hogan and Barnes Abie, of St. Louis, are visiting friends here.

Mrs. Gen. McCulloch that it will be wholly acceptable to the Democracy of Missouri if Montgomery Blair be selected for Governor, and all other offices under the Second Tax law for that State.

GENERAL STAFF.

Samuel Hardy, of Missouri, is associated with the request of the Secretary of War. He had a friendly conversation on with the Secretary of War, and the subject of the Secretary of War's executive methods of doing the civil authorities were discussed. All leading officers of the army are in the city, and promptness on the part of officers under them, as will render their future movements unnecessary.

Letter From Gov. Oglesby—Justifying His Action.

The terrible affair in Fifth Avenue on a meeting of Irish Republicans, on the night of the 30th, has caused intense excitement throughout the city, and the greatest indignation is expressed at the conduct of the police. The following is the report of the Coroner's jury, which was empaneled this morning:

CORONER'S INQUEST.

The jurors who were empaneled by Coroner Foster to inquire into the cause of the death of Patrick Quinn, who died at the Cook County Hospital on the 30th inst., from the effects of a gunshot wound received on the 28th inst., in the vicinity of Fifth avenue and Randolph street, in this city, after having been duly sworn, proceeded to view the body of the deceased, and then adjourned to the Coroner's office, where they were joined by the Coroner, and proceeded to examine witnesses.

Dr. Frederick Dawson being sworn, testified that he was called to attend the deceased, and that he found him suffering from a gunshot wound in the left side of the abdomen, which he had received about 12 hours previously. The ball had entered the abdomen, and had passed through the body, coming out at the back. The wound was a dangerous one, and the deceased died from the effects of it on the 30th inst.
